

CONNECTICUT CONTROLLED SUBSTANCE REGISTRATION (CSR) CERTIFICATE DECLARATION

REQUIRED if you do not have a Connecticut controlled substance certificate.

NOTE: BOTH a CSR and DEA are required to prescribe controlled substances in Connecticut.

1. I do not presently hold the following certificate(s):

State of Connecticut Controlled Substance Registration Certificate

2. Please mark ONE of the appropriate boxes below:

I intend to obtain the State of Connecticut Controlled Substance Registration Certificate and understand that I am not permitted to prescribe controlled substances for patients at Yale New Haven Hospital (YNHH) as part of my clinical fellowship until I provide the identification number to the Medical Staff Administration Office and it is able to be verified.

I do not intend to obtain or maintain the State of Connecticut Controlled Substance Registration Certificate and attest to the fact that due to the nature of my practice I do not require the ability to prescribe controlled substances and will not prescribe them at the YNHH.
