Loan deferments are certified on the basis of internship/residency status as required by law. All loan deferment forms should be brought to the House Staff Office for verification and signature. Processing time for deferment forms is 48 hours, although a one-week turnaround time is typical during the busy season of June–August.

A House Staff lounge, located on EP 2-703, is available to residents 24 hours a day. It offers coffee and other beverages, snacks, television, a refrigerator and computer access.

Mailroom, 8-2351

**Meal Allowance**
Contact Food & Nutritional Services, 688-2410
House officers required to be on call overnight receive a meal allowance for the number of nights on-call from July–June. House officers will use their YNHH ID in the cafeterias to swipe for “on-call” meals. The bank of “on-call” dollars is set up in a declining balance account and cannot be carried over from year to year.

**On-Call Rooms**
On-call rooms are assigned to each service. The floors and numbers of these rooms can be obtained from your department. For more information, contact the House Staff Office.

**Parking Office**
688-2623
Secure on-site parking in the Air Rights Garage is provided to House Staff at a subsidized rate through weekly payroll deductions. It is the responsibility of the House Staff to call the Parking Office on the day you leave for a rotation and the day you return, to avoid having parking deducted while you are away. The minimum period to turn off parking is one month, but it need not start on the first of the month. House Staff are cautioned that parking on side streets is at their own risk and strongly discouraged.

**Parking Escort Service** (to and from parking areas, 24 hours a day): 688-2500

**Payroll, 688-2068**

Checks are issued biweekly in 26 equal periods (which include Saturdays, Sundays and holidays). Payroll dates are from Sunday through Saturday. If a regularly scheduled payday lands on a weekend or holiday, the payday will move to the prior business day.

Direct Deposit: House Staff are encouraged to utilize direct deposit as the method for receiving payroll. Direct deposits are in your savings/checking account on payday. To set-up or change your current direct deposit, complete a change form, attach a voided check and bring it to the House Staff Office.

Pay stubs and live checks are mailed to home addresses

Federal and state withholding tax: Forms W-4 and CT W-4 determine how much federal and state withholding tax will be withheld from your paycheck. Failure to submit fully completed, signed and dated forms will result in withholdings at the highest tax rate. The House Staff Office cannot assist you completing these forms. For questions, consult with a tax professional or colleague.

Change of address: E-mail your address change to cherylann.guliuzza@ynhh.org. This will update all your payroll and benefits.

**PERSONAL PROPERTY**

The hospital assumes no responsibility for the loss of personal property or valuables. All lockers and closets in on-call rooms should be kept locked. Thefts should be reported to the Security Services, 688-2500.

**Photo ID**

Yale-New Haven Hospital photo ID cards must be displayed by House Staff to get into most areas of the hospital. For information, call 688-6094. Yale School of Medicine photo ID cards are required for access to the Cushing Library and all Yale University recreational facilities. For information, call 785-4286 or 785-3518

Recreational Facilities
The major facilities of the Payne Whitney Gym are available to residents for a specific fee. Other athletic facilities, such as the Ingalls Rink, Yale golf course and tennis courts, are also available for a fee. Further information may be obtained by calling 432-1444 or by visiting the Ray Tompkins House (Tower Parkway and Dixwell Avenue).

Religious Observations
Although the practice of religious beliefs, including the observance of religious holidays, is important to many trainees, the GME office policy is that top priority must be given to maintaining adequate patient care. Whenever possible, schedules should be changed to accommodate residents’ religious beliefs. But any such adjustments are contingent upon acceptable patient care coverage alternatives and must be cleared with the appropriate training program director (or designee).
